PROFILE

I am a junior Front-End Developer, I possess an impressive arsenal of skills in HTML, CSS, JavaScript and React. I excel in designing and maintaining responsive websites that offer a smooth user experience. My expertise lies in curiosity, crafting dynamic, engaging interfaces through writing clean and optimized code and utilizing cutting edge development tools and techniques. I am also a team player who thrives in collaborating with cross-functional teams to produce outstanding web applications. I am a versatile and accomplished full-stack developer with an impressive track record of developing innovative solutions that benefit local communities. I am constantly ideating and conceptualizing innovative solutions that cater to users' needs. I am open to exploring new opportunities in startups and companies with scale.
